Job Position: Irrigation Service Technician

The Irrigation Service Technician is responsible for providing irrigation services to our customer's property, to uphold the company's high standards of quality, workmanship and professionalism. The candidate can expect to work outdoors in a mix of weather conditions and be able to perform maintenance duties to ensure employee safety during inclement weather by removing debris, snow, and ice from communal walkways and spaces.

Responsibilities and Duties

- Perform all irrigation activities including, but not limited to, spring start-ups, excavating and backfilling trenches, repairing breaks and malfunctions, and winterization of components.
- Operate power equipment to perform irrigation services, including but not limited to trenchers, pipe pullers, plate compactors, line locators, drills, etc.
- Use irrigation hand tools including, but not limited to, shovels, spades, pipe cutters, rakes, etc.
- Communicate with immediate supervisor about any malfunctioning equipment and all site problems experienced.
- Properly store and handle all equipment, tools, sprinklers, etc
- Analyze property needs and provide recommendations for improvement.
- Perform snow removal and other emergency services as needed.
- Ensures a secure and safe environment for site inspections.
- Maintain equipment and ensure use of proper PPE (Safety Equipment)
- Develops and maintains excellent customer service with current and potential clients at a measured rate of 95% or greater.
- Performs other duties as required.

Qualifications

- Three (3) years of field irrigation experience.
- Must have the knowledge and ability to properly identify irrigation problems and take appropriate action to make repairs.
- Backflow Certification preferred but not required at time of hiring.
- Previous experience operating a trencher, pipe puller, skid steer, and backhoe preferred.
- Must have valid Driver's License and clean driving history.

- Must have a strong customer focus and a commitment to providing superior results.
- Ability to communicate effectively with managers and customers.
- Ability to react quickly to changing conditions with independent judgment.
- Prior commercial landscape experience is preferred.
- Knowledge of plant diseases and insects is preferred.

Physical Demands

- Ability to perform physical activities which requires considerable use of arms, legs and moving your whole body such as climbing, lifting, balancing, walking, stooping and handling various materials.
- Ability to frequently move supplies up to twenty-five (25) pounds and occasionally lift weight consisting of seventy-five (75) pounds.

Language

- Bilingual in English/Spanish (preferred)
